Order:—

The Government of Ko
Highness the Maharajah
have frequently received
applications from the
Indian Railway Company
for additional land near
their Stations for the pur-
-pose of extending and
enlarging the Station
Compounds for the accom
and convenience of traffic
both of passengers and
goods.

2. Often difficulties
arise in granting the
applications from the existence of
proprietary rights over
such lands and portions

8

of compensation being
the fourth disposal of
application.

3. In the case of
Provinces, by a statute
under the Province's
Seal, approved by the
Governor in Council,
fixing the reception of
land in perpetuity at
a price of not more than
one dollar per acre,
which, in the opinion of
His Majesty's Government
in Canada, will
adequately secure
the Province against
loss, the Province
shall be entitled to
receive from the Dominion
Government
with respect to
any such land
conveyed by the
Province to
the Dominion
Railway

Railway. The existing occupation of land by private parties will of course not be interfered with under the present requirements of the Railway under this acquisition under the said Acquisition Act necessary.

4. But, from and after the date of this order, no Deputy Commissioner through whose District a Railway line passes will dispose of any unoccupied Government land for private purposes of any kind within a mile (1760 yards) of the boundary of any Railway Station land, without the previous sanction of the Government in each individual case, and that he

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 24th November 1887.

No. 4627-35—Cir. 115, dated 24th November 1887.

Order.—The Government of His Highness the Maharaja have frequently received applications from the Madras Railway Company for additional lands near their stations for the purpose of extending and enlarging the station compounds for the security and convenience of traffic both of passengers and goods.

2. Often difficulties arise in granting the applications from the existence of private proprietary rights over such lands and questions of compensation delay the prompt disposal of applications.

3. In the Madras Presidency, by a standing order of the Revenue Board, affirmed by the Governor in Council, private occupation of land is prohibited within a radius of half a mile around the Railway stations, which, in the opinion of His Highness' Government, is a satisfactory arrangement, and, as the question of extending the station grounds of the Mysore State lines, both present and future, may arise, it is considered desirable to adopt a provision similar to that for the Madras Railway. The existing occupation of lands by private parties will of course not be interfered with unless the absolute requirements of the Railway render their acquisition under the Land Acquisition Act necessary.

4. But, from and after the date of this order, no Deputy Commissioner through whose District a Railway line passes will dispose of any unoccupied Government land for private occupation of any kind within half a mile (880 yards) of the boundary of any Railway Station land, without the previous sanction of the Government in each individual case, and he will enforce on his Taluk subordinates that they are prohibited from permitting any such occupation without special previous orders, and that they will be held personally responsible for any unauthorized occupation, whether by their act or neglect.

5. The Deputy Commissioner of every District, through which the Madras Railway and the Mysore State Railway (present and proposed) pass, is requested to mark upon the Revenue Survey Village maps the Government *unoccupied* lands, which are within a radius of half a mile of every Railway Station in his District and to submit for record in this office a statement showing the description, extent and assessment of such lands, together with his opinion as to whether any relaxation of the rule above laid down is needed in any special case.

R. VIJAYINDRA RAO,
Chief Secretary.
